Dame Nature Smiles on Perfect Parents' Day

PARENTS' TEA

—Camera Club Photo

The Parents' Day Tea was held on Saturday, October 11, from 4 to 5:15, in the William Bingham Gymnasium. Mrs. Ireland and Mrs. Vachon were hostesses, and Mrs. Emery and Mrs. Foster were in charge of the guest book while Mrs. Bowhay and Mrs. Richardson helped the parents find or locate the teachers. Mrs. Willard, Mrs. Vinton, and Mrs. Hastings poured; those assisting were Miss Whitney, Mrs. Jacobs, Mrs. Hillier, Miss Swift, Miss Boyce, Mrs. Owen, and Miss Duffy. Kitchen assistants were Mrs. Lowell, Charlotte Westleigh, and Cynthia Burris. Many thanks are extended to those who helped to make this tea a success.

Homemade donuts and coffee cake were served together with cider and coffee. Fall flower arrangements were used for decoration.

This tea gave the parents and teachers a chance to become better acquainted with each other and to better understand the problems which confront the students.

WONDERS OF LIQUID AIR

As a part of the School Assembly Service Program, a somewhat unusual display, "The Wonders of Liquid Air," was seen on the study hall stage at 2:30 p. m. on September 12.

Before the faculty and students of Gould Academy, Mr. David Williams and his wife-assistant performed some almost unbelievable and interesting experiments. By the use of actual laboratory and some non-laboratory equipment, such as hot dogs and rubber nails, the strange properties of this liquid were presented.

First the manufacture of liquid air was explained by Mr. Williams. He told how air is compressed 850 times and becomes a liquid at the exceedingly low temperature of -313°F

THE STUDENT DANCE

The student dance on Saturday, October 11, was held in Holden Hall from 4 to 5 p. m. while the parents were at the tea. Miss Bucci, Mr. Auger and Mr. Brewster were present to see that everything went well. Committees were appointed for the decorations which consisted of hallowe'en colors and autumn leaves, and refreshments which were a variety of donuts and cider. Dancing was to popular records of waltz and jazz, and a good time was had by all.

CAMERA CLUB EXHIBIT

Parents visiting Holden Hall and wandering through its corridors saw the display of photographs in the Camera Club's basement showroom. Enlargements of several types made by club members and school activities were exhibited. The adjacent studio and darkroom were also open to parents' inspection. Actual darkroom operation was viewed by several parents on Saturday when films of weekend activities were being processed.

FROSH ROMP IN FIRST PARTY

The annual freshman class party was held on September 19, 1958, in the William Bingham Gymnasium. Acting as emcee was Timothy Brooks.

The students were presented with name tags and numbers when they arrived. Then the boys and girls matched numbers and paired off for the grand march. Multiplication and elimination dances followed.

Soon under way was a balloon dance. The boys tied balloons on their wrists, the object of the game being to break every one else's balloon and keep yours from getting broken. Bonnie Eames and Allan Ring tied with Irene Williams and Richard Gammon for first place, as they skillfully avoided other couples in order that their balloons might not be broken.

The feature attraction of the evening was a musical talent show. Talent scouts and their numbers were as follows: "Around the World in 80 Days," Dwight Lord, trumpet, Nancy Cole accompanying on the piano; "My Blue Heaven," Gary Hill, saxophone; "Red River Valley," and "Home on the Range," sung by Ralph Merriam, Billy Stowell accompanying on the ukulele; "On Top of Old Smokey," Billy Stowell, harmonica. Then Claudia DeMonte, Patricia Chase, Loretta Blake, Ruth Allen, and Patricia McMillin made an excellent quintet singing, "Tears on My Pillow."

PARENTS' DAY VARIETY SHOW

On Saturday evening, October 11, the curtain rose on the 1958 Parents' Day Variety Show. Held in the William Bingham Gymnasium, the show, with Don Christie as emcee, was a rousing success.

Starting off the evening with a bang, the Holden Hall Jazz Combo had the audience tapping their toes to "When the Saints Go Marching In." If anyone had decided to take a nap during the program, the boys certainly would have certainly brought them rocking back from dreamland.

Gould's Anna Pavlova and Maria Talchief born Margery Dallinger and Betty Vinton gave their interpretation of a Spanish dance. With clicking castanets and bright gypsy costumes, they were a colorful addition to the program.

Presenting solos on the trumpet and saxophone respectively, Dwight Lord and Gary Hill wove a magic spell that lulled the audience into a blissful calm.

"Genie" Jim Weston amused the parents and astonished the youthful members of the audience with his feats of magic. Making rabbits appear and scarves unknit themselves were only two of the varied stunts this young magician performed.

"Would you rather wear Grandma's bloomers or today's Bermuda shorts?" was one of the questions posed by fashion commentators, Ruth Willard and Judy Watson in a very colorful fashion show. Modeling the clothes of the 1920's were

frozen in liquid air. One of the more spectacular feats seen that afternoon was the cutting of wire screening with a frozen cigar. This was accomplished in much the same way as an acetylene torch would cut a metal in two.

As Mr. Williams ended his show with the take-off of a rocket ship, he left the students with a new outlook on air and some new and interesting knowledge.

Following the talent show, refreshments were sold by Loretta Blake, Jim Weston, Coleen Bean, David Ayers, Judith Currier, and Sharon Nowlin.

General dancing followed; then Mr. Bowhay emceed a game. Two teams, the odd numbers and the even ones, lined up, each on one side of the blackboard. One player from each team was shown a word, and he had to draw a picture of it on the board. The first team with ten points won. (The odd numbers won it.)

This was followed again by general dancing. The party ended about ten o'clock.

Teachers and guests present were Mr. and Mrs. Berry, Mr. and Mrs. Bowhay, Mr. and Mrs. Ireland, and Miss Macdougall.

Everyone had a wonderful time, and many thanks to everyone for helping to make it a smashing success.

BETHEL SPEAKS

For this issue, we interviewed a prominent citizen of our town, Mr. Louis Van Den Kerckhoven. Upon meeting Mr. Van, as he is familiarly known, we immediately were impressed with his broad and jovial smile and "glad to meet you" attitude with a warm hand shake.

Born in Bethel on Cobble Stone Farm on Grover Hill, Mr. Van has lived here all his life, except for three years which he spent in Puerto Rico, working on a sugar plantation.

Mr. Van attended Gould Academy from 1916-1920, when he was graduated. While he was a student at Gould, he said the campus was much smaller; there were only two buildings, the academy class building and old Holden Hall. He also stated that while G. A. has grown up in buildings and students — there were about thirty-five in his freshman class — it has also been built up in sports and extracurricular activities.

Back when Mr. Van was at G. A., he enjoyed basketball and especially baseball. It would be quite interesting to our present basketball team to hear the situations under which they played. The team played in the old classroom building on the top floor, dodging the four posts that were there for support. Mr.

Sally Webber, Pam Young, Ann Carter, Janet Smith, and Sue Saunders. Wearing today's fashions were Beth Brown, Debby and Judy Dolliver, Sue Martin, Deede McCann and Nancy Buckminster.

A wood-sawing contest was next on the program. The boys from the forestry class proved too much for the volunteers from the student body, unskilled in this art. Pete Baker and Eric Wight sawed their way to the championship in this interesting and different contest.

To end the entertainment, the Varsity Glee Club under the direction of Mr. Owen presented two numbers, "Do Lord" and "You'll Never Walk Alone" from "Carousel."

The last item on the evening's program was the dance contest. Del Webster and his mother won the mother-son dance, and Deede McCann and her father waltzed away with the prize in the father-daughter dance. The parents' waltz proved too much for the judges and so the prize, a box of chocolates, was passed around to all participants.

It was a wonderful evening's entertainment, and from the smile on everyone's face, it looked as if all enjoyed themselves.

CHICKEN ON THE SPIT

The doors to Farnsworth House were thrown open promptly at five o'clock Saturday evening to the crowd of hungry seniors, juniors, their parents, and the faculty members. We were greeted by the sight of many able workers tending the tempting foods. The pleasant aroma of the gently browning chicken being slowly cooked on the huge spits made us all realize how hungry we were.

Walking through the line, we picked up the chicken, rolls, potato chips, tossed salad, coffee, milk, and ice cream sundae.

After their trays were filled to overflowing, some made their way to the wall to sit on chairs while others carried our balanced trays up the stairs to the balcony. There we perched the food on our laps or on the floor where some had to sit. This was a time for becoming acquainted with other parents and chatting with friends in this very informal gathering.

Van laughed when he said that whenever G. A. played any other school there, the reason they won was because they could dodge the posts!

Can you imagine riding to a basketball game on a sleigh drawn by four horses? Well, it was done, and Mr. Van remembers such a ride when they defended their school against Rumford. And playing ball without a coach! But that was done, too, and G. A. had a good team.

During actual school, Mr. Van once again said how stern a man Mr. Frank Edward Hanscom, principal from 1897-1936, was and, although never called before him, he did have some fun.

When asked about Mr. Hanscom, Mr. Van got a gleam in his eyes, and a smile spread over his face. Having grown up with his children, he knew Mr. Hanscom quite well. One thing that got him laughing was the memory of being at the Hanscom home visiting and having Mr. Hanscom play "bear." He said that before the game was over they actually were afraid. He also said that anyone knowing him through school would find it hard to believe that he would do such a thing!

Upon leaving school, Mr. Van went to work in the Bethel National Bank. At the time of his leaving school he didn't plan on going into banking, but when there was a vacancy there, he applied, got the job, and has been in banking ever since, now holding the job of manager at the Casco Bank and Trust, Bethel branch.

In listening to Mr. Van talk about the bank and seeing the town of Bethel grow, we understood that he feels that the bank has been a great factor in the progress of Bethel as a town.

When Mr. Van was young, he said, Bethel, understandably so, was much smaller, but through the years with the growth in industry, Bethel grew up too. He feels that the people want more industry, but they also want to keep it about the same size it is now. If this is done, the young people here now will return when school is completed and settle down, wherein now there is nothing to hold them here.

The new ski area is considered beneficial by Mr. Van, as he feels it will make Bethel grow a bit and become a better town.

As our interview drew to an end, Mr. Van expressed how deeply he felt about Gould and how much it added to the town. It is a school of which everyone can be proud.

Let's Not Overdo

When a freshman or new student comes to Gould, one of the first problems which confronts him is—"Should I join none, several, or as many as possible of the organizations of which Gould seems to have many?"

Since Gould is an institution of learning, your extracurricular activities should be limited to the number your study hours allow.

The best method is to consider which field holds the most interest for you whether it be sports, music, photography or some other; choose only the few clubs which attract your interest, and support them wholeheartedly. Both you and the organizations you do or do not select will benefit more greatly if you take the latter attitude rather than being a "joiner" and of no value to any of them.

Colleges today are looking (next to academic record) for students who show proof of leadership in one or two fields, not the gad-about who is a member of every club on campus.

If you find that you have time on your hands, activity period or after school, why not make use of it by devoting your efforts to a sport or some other activity? Think it over, freshmen!

R. L. W.

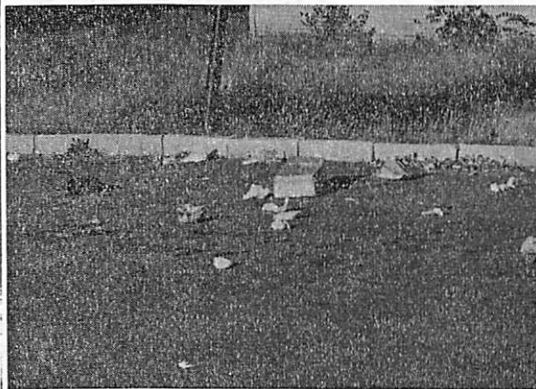

A Firm Foundation

Now that the first few weeks of school have passed and subjects that were once new and different have begun to take a definite pattern, it would be conducive to us if we should take a few minutes to reflect on the record that we have made thus far. We should ask ourselves and then answer honestly to the question of whether the best has been done. It may be thought that such an attitude is unnecessary, that, if in the first few weeks the tests have not shown as much study as is desirable, the marks will improve as the year goes by. With a little thought we can see this as false reasoning. Many subjects, such as Latin and algebra, depend on fundamentals taught at the beginning; the importance of the elementary facts learned in the first few weeks multiplies rapidly as the year progresses. Also, any laxness allowed in study habits now will become permanent if nothing is done in the way of correction.

The value of getting a good foundation, and the better rank which ensues, is illustrated quite strikingly by the notices sent out by colleges, these announcements being typified by the recent statement by the University of Maine that it can no longer accept all Maine students who apply there. We can infer from this that there will be an increasing amount of competition in the coming years not only for college entrance but also for jobs in which a college education is not required.

It has been said that the 'teen years are the best ones of our lives; it is also the time when we can build the foundation, on rock or on sand, for our future.

L. S.

The above picture, taken by a Camera Club member, is a result of much discussion at recent Student Council meetings concerning the poor condition of the student parking lot.

Let's use those green waste cans and stop the trash "epidemic" before it spreads further.

New Teachers at Gould

MR. JACOBS

Among the new faces here at Gould is Mr. Stephen L. Jacobs, who may be seen busily working in the Chemistry Lab with his science students or way down stairs teaching Forestry. The latter subject, which he introduced to the curriculum this year, is proving to be quite popular with the boys.

Mr. Jacobs was born in Boston, Massachusetts, and later attended Hingham High in Hingham, Massachusetts. He graduated from high school in 1940 and then went on to higher education at the University of Maine, where he took a course in Forestry. He was interrupted in his college work while he served our country during World War II in the infantry. His return from that duty was made in March of 1946, when he finished out his senior year and graduated from the University of Maine in 1947. For nine years he worked as a professor of forestry in Maine, and since September of 1956, he taught in the S. D. Hanson High School in Buxton, Maine.

Mr. Jacobs' first impression of Gould was excellent, and he looked forward very much to coming here as another member of our competent teaching staff.

During his leisure hours, you might find Mr. Jacobs reading historical fiction or taking pictures, although he claims little "knowledge of the photographic end of it. His main interest in sports is football; and, although he doesn't play, he loves to watch the game played.

Mr. Jacobs lives with his wife and three sons, on Broad Street here in Bethel. His sons attend the fifth, sixth, and seventh grades of the local elementary school.

All in all, Mr. Jacobs likes it immensely, and his new course in Forestry should prove to be intriguing and challenging to all those who take it.

MRS. GIBBS

Mrs. Gibbs, who is substituting for Mr. Fossett while he is recuperating from his illness, was born in Blue Hill, Maine. She attended the Blue Hill-George Stevens Academy in her home town. Her college years were spent at Colby, then on to Gould to teach for the five years during 1944-1949. She then taught the freshman-sophomore age group. Mrs. Gibbs now teaches English to juniors and seniors but has no preference as to age groups.

Music is one of her favorite pastimes, especially singing. She also enjoys cooking.

Besides teaching, she is mother of three active boys, aged five through eight, which certainly takes up a great deal of her time.

We are very happy to have Mrs. Gibbs on the faculty, and the student body will agree that she's a very enjoyable person to have around.

MISS BUCCI

Miss Dorothy C. Bucci, a vivacious addition to the Gould faculty, was born in Marlboro, Massachusetts. She attended high school in her home town; then upon graduation she entered Regis College in Weston, Massachusetts where she received her B.A. degree. During the summer she undertook additional work at Worcester State Teachers College. At Gould Miss Bucci is teaching Latin I and II, and French I.

Her major interests seem to be the domestic as opposed to athletic, although she does enjoy both. Cooking pizza and other Italian dishes is a favorite pastime. Two other hobbies are sewing and knitting. Her musical preferences are exotic Latin rhythms as well as French records. As for the future, one of her desires is to own a French pool, which would be appropriately named "La petite."

When questioned on her opinion of Gould she said that she likes it very much, feels right at home and enjoys being with the students. I am sure the students who have gotten to know her would enthusiastically express the same feelings about Miss Bucci.

STUDENT COUNCIL

The Student Council held its first meeting on September 11. The officers chosen for this year are: President, Judy Watson; Vice President, Linwood Small; Secretary, Mary Jasper; and Treasurer, Fred Dallinger. The advisors this year are Mr. Brewster and Miss Bucci.

The budget for 1958-1959 was studied with Mr. Myers.

On September 16, the council selected the cheerleaders. Those chosen were: Jane Greig, Sue Saunders, Gloria Kneeland, Sue Martin, Pam Young, Sally Burns, Janet Hill, Deede McCann, Sharon York, and Linda Morton.

The majorettes were selected a week later, on September 23. They are Lee Ann Grover, Lorraine Freeman, Donna Jeanne Bigos, and Laurel MacPherson.

At the next meeting on September 25, a committee was chosen from the Student Council by the president to pick out the coming eight movies. A different committee will be chosen to select the next eight movies.

The budget was further discussed and the revised copy given to Mr. Myers.

We talked about ways in which to keep the grounds around the parking lot cleaner. We left this problem for further discussion.

Compliments of

THE SHOE RACK

THE ALUMNI COLUMN

Throughout this year, as in years past, we of the "Blue and Gold" shall try to keep in contact with the alumni of Gould Academy and let you all in on who's who and what they are doing.

Mimi Ashcraft, Gould '58, who spent most of the summer working in an experimental laboratory at the University of Delaware, is now a freshman at Wilson College.

Bill Black, Gould '58, and Larry Bragg, also Gould '58, are both at the University of Maine this year. Larry, who is "just getting settled into a routine," sends his best to the faculty and the class of '59.

Kaye Blake, Gould '58, is working as a secretary at Kohlenberg Cadillac - Oldsmobile, Inc., in Bridgeport, Connecticut. Martha Brown, Gould '58, is in training at the Central Maine General Hospital in Lewiston, Maine.

Jane Coffin, Gould '58, who is also in nurses' training, is at the Peter Bent Brigham Hospital in Boston and likes it "very much." Stanley Fuller, Gould '58, is taking a correspondence course to attend Brigham Young University, Provo, Utah, in January of 1959.

Mary Huffer, Gould '57, has been in Europe all summer and has had the privilege of seeing "Hamlet" at the Stratford Theatre.

Pat Joslin, Gould '58, is attending Lasell Junior College in Auburndale, Massachusetts.

Valerie Kelch, Gould '56, is in Spain "eating tortillas and drinking wine!" She says that "he loves Spain but is anxious to see Italy and France as well."

Rosalind Liston, Gould '58, who is at Connecticut College, sends her best to all.

Debbie Mason, Gould '58, spent part of the summer in Alabama and Connecticut. She now seems to be very happy at the University of Maine.

Herbie Morton, Gould '58, is a freshman at Dartmouth College in Hanover, N. H.

Al Ordway, Gould '58, is well situated at Yale. He says that he's playing football and "some of those boys in the line across from me look awful big sometimes!"

Mrs. Jane Bennett Ring, Gould '58, will soon be living at 11 Main Street in Freeport, Maine.

Pat Kittredge, who has been working at Philbrook Farm, Shelburne, N. H., will soon begin studies at Eastern Academy of Beauty Culture at Bangor, Maine.

We hope that by the end of the year we shall have heard from all of last year's class as well as from many of the alumni of previous years. As the old adage goes: "They are gone (from our campus, that is!) but not forgotten."

Club News

CAMERA CLUB

The Camera Club is a group of students whom, under the supervision of Mr. Foster, cooperate to learn more about photography and to be of service to the school. Planning interesting meetings, and making prints of school activities for school publications and the scrapbook are a few of the many projects which the Camera Club accomplishes during the course of the year.

On Sept. 16, a short meeting of all the old members of the Camera Club was held to elect officers. Those elected were: Donald Christie, President; Patricia Probst, Vice President; Marjorie Morton, Secretary; Gail Gorab, Assistant Secretary; Sue Buckley; Treasurer; and Whitnev Austin, Assistant Treasurer.

Since the meeting for electing officers, there has been another meeting for old and new members. An interesting meeting was shown entitled "Magic Box That Remembers." Also Donald Christie gave a talk about the purpose of the Camera Club.

The Camera Club meetings through to December as follows: September 16—election.

September 23—First regular meeting—"Magic Box That Remembers" for a movie.

October 7—"Introduction to Picture Taking"—slides.

November 6—Open—subject will be chosen soon.

November 8—Open—subject Christmas Cards, slides and demonstration.

The Camera Club this year hopes to be more active and they have started well by having an exhibition during Parents' Week End in Holden Hall.

GLEE CLUBS

If one happens to be passing the music room during an activity period some day, they are sure to encounter music flowing from within. Upon investigating they will find a glee club diligently practicing for some coming special event under the direction of Mr. Owens.

For the past month the Freshman-Sophomore Girls Glee Club has been experimenting with different types of music in start of preparation for the Christmas Vespers. Similar work has been carried on by the Junior-Senior group.

The members of the Variety Glee Club have been devoting their time to preparation for the Variety Show on Parents' Day in which they will perform "Do Lord," featuring Mary Jo Head and Wanda Kimball, and "You'll Never Walk Alone," an arrangement by Fred Waring.

It looks as though our Glee Clubs are shaping up to their usual fine entertaining performances!

DEBATING CLUB

A new club has joined the roster of extra-curricular activities here at Gould. It is the Debating Club, coached by the very able Mr. Vinton. This new club meets on Thursday at Activity Period, when the approximately fifteen members discuss and debate prominent points of the present time. Now of course a club isn't a club until officers have been elected; this was taken care of at a recent meeting with the results as follows: president, Jim Linnehi; vice-president, John Cole; secretary, Stan Clark; treasurer, Peg DeLand.

The Gould Debaters will, at a later date, hold an informal debate with Fryeburg Academy.

Thus, this new organization has gotten off to a good start, and it is the hope of all that it will soon become one of Gould's major activities.

THE SPA

Fountain Service
and
Sundries
NORMA JODREY

THE CHAPMAN CLUB

The first meeting of the Chapman Club was held Thursday, September 11. The officers, who were elected last spring, are president, Ruth Willard; vice-president, Mike Hathaway; Secretary-Treasurer, Mary Jo Head.

At a later meeting a committee was appointed to plan the meetings for the remainder of the year. It is composed of these members: Mary Jo Head, Mike Hathaway, Donald Christie, Bob Weston, and Ruth Willard.

Tryouts are still underway. Kids! Why not gather up all your musical talents and contact one of the above members for a tryout? It's a chance to learn more about classical music, as well as to reveal your respective talents. It's also a chance to enter into the numerous activities of the most exclusive musical organization in the school. All it takes is a little talent and interest. Best of luck to those who have already tried out! Remember, if at first you don't succeed, try, try, again.

THE FRENCH CLUB

The very active French Club held its first meeting this year on September 16, 1958. It was then that they finally found out who the new officers were. It seems that after the elections were held last spring, Mr. Gagnon put the results in his pocket and took them to Georgia. They were finally found, and now the club is proud to have ambitious Fred Dahlinger as their president. Mary Jasper was elected as vice-president, Nancy Buckminster as secretary, and Laurel MacPherson as treasurer. Everybody feels that under this group and with the supervision of Mr. Auger, the French Club is headed for another great year.

Already, numerous committees have been chosen. Gary Aulisy was appointed to investigate the possibilities of a trip to Quebec, Canada.

Another committee, headed by Sue Badgley will see that future meetings of the French Club will be supplied with "goodies."

In the true spirit of the French Club, a dance was sponsored by them and emceed by Steve Karpowich and Gary Aulisy.

October 29 has been set off by the club for a lecture by Mrs. Helen Carter. Accompanying her lecture is a large display of hand-carved figurines or "santens." She also sells these. Mr. Auger, having heard the lecture, said it is something to look forward to.

Another committee within the club will handle all foreign correspondence for the French classes and the club itself.

MOUNT WASHINGTON HIKE

At 8:45 on Saturday September 20, thirty-two enthusiastic mountain climbers boarded the bus for an all day hike to the lofty summit of Mount Washington.

Upon arriving at the foot of the mountain, lunches were collected and heavy jackets discarded as the climbers prepared to ascend. It was a great day for mountain climbing. A brief stop at the half-way house refreshed all. Five people felt that the rocky trail ahead was a little too challenging, so returned to the bus. The remaining twenty-seven were undaunted and progressed slowly through crevices and along steep pathways. At noon everyone was glad to stop for lunch at the foot of the headwall. Luckily it was a pretty clear day and a good view was afforded along with lunch. Once again the Gouldites pushed on to conquer the summit. The first group arrived at the top about 1:15. Here everyone rested and warmed up for about an hour. The trail down didn't seem quite so steep, and finally the bus drove in sight. At 6:35 the weary wanderers piled out of the bus.

Thanks to Mr. and Mrs. Richardson, Miss Duffy, Mr. Auger, and Mrs. Owens for making it possible to add another victory to our 1958-1959 record.

SENIORS

To mention a few noteworthy seniors who now find themselves leaders of various organizations, we have Fred Dallinger "serving a term" as president of the French Club, Evelyn Winslow as president of F.H.A., Judith Watson reigns as president of the Student Council, and Ruth Willard and Linwood Small work as co-editors of the Blue and Gold.

Kirk Newsom has once again been chosen to be president of our illustrious class. He is backed by Jane Greig as vice-president, Lee-Ann Grover, secretary, and Sally Webber, treasurer.

Lee Ann Grover was chosen Head Majorette with Laurel MacPherson and D. J. Bigos also on the squad.

JUNIORS

The Class of '60 is very pleased to see so many new names added to its roll. Welcome, new juniors!!

In their first class meeting the junior class unanimously decided to put on the first Junior Prom at Gould Academy next spring.

On the last day of September the juniors went to the polls and came up with an excellent slate of officers. They are as follows: President, Pete Wheeler; Vice-President, Pete Swallow; Secretary, Dotti Kimball; Treasurer, John Todd. Let's back 'em up all the way, junior class members!!!

For the benefit of the new members of the junior class and those old members, who have forgotten, their representatives to the Student Council for this school year are the following: Bunny Blake, Sue Martin, John Todd, and Kent Taylor.

SOPHOMORES

As another year unfolds, the freshmen of one year ago find themselves sophisticated sophomores and our first business to exercise this title was to elect a slate of officers consisting of tary, Louise Lincoln; Treasurer, President, Sally Burns; Secretary, Louise Merrill; Treasurer, Peter Stowell.

The energetic ring committee made up of Donna Rice, Carol Bilderback, Fred Lincoln, Ella Stevens, Hilda Andrews, Sue Rock and Freda Gammon have decided on the samples for our class rings which will soon be voted on. If anyone finds a sophomore who isn't discussing this subject, please let us know!!

Showing our true school spirit, we have already sponsored a Friday night dance introducing the popular "hula-hoops."

The Sophomore class F.H.A. have elected Marianne Chase as their President, Tammy Daye as their Vice President, and Donna Rice as their Secretary-Treasurer.

The empty seat in Carolyn Chapman's place indicated that he was again at the Eastern States Exposition and at Fryeburg Fair, carrying away honors with her famous steers.

There is one especially important member of our class—not everyone gets their name on TV, right Helen?

FRESHMEN

A class meeting was held in the lecture room on September 17, 1958. Plans for the class party, to be held on September 19, 1958, were discussed. The names of the people on the committees for the party were posted. They were: Program, Steve Saunders, Chairman; Guy Burnham, Pat McMillin, Sue Brown, Evelyn Sprague, Advertising, Peter Davis, Chairman; Bonnie Barnes, Richard Angevine. Refreshments, Loretta Blake, Chairman; Jim Weston.

Congratulations to you, Nancy Cole, for making the tennis team, and you, Beth A. Brown, for making the hockey team! Congratulations to all other members of the freshman class for participating in all other sports.

We're mighty proud of you, Sharon York, for being one of the cheerleaders. Congratulations!

Another freshman class meeting was held in the lecture room on October 7, 1958. A nominating committee for nominating class officers was chosen. They are: Gary Hill—Chairman, Bonnie Barnes, Margie Dallinger, Cheryl Douglass, Tim Brooks, Dick Angevine.

NEW GIRLS' TEA

On Thursday, September 24, in Gehring Hall, the A. A. sponsored a tea for the new girls. Punch, tea, cookies, and various other refreshments were served. For entertainment, song-singing and several games were on the agenda. The main purpose of the get-together was to have these new students meet new people and learn to know their own classmates better. The members of the A. A. all hope that they succeeded in doing this and made their new friends and classmates feel at home.

GOULD HOCKEY TEAMS VICTORIOUS

At ten o'clock Saturday morning, the Girls' Athletic Field was the scene of a hard-fought battle between the J. V. teams of Gould Academy and Kents Hill. Bunny Blake scored the first goal for Gould after two free hits were given for advancing, called on Kents Hill. The opponents rallied with a quick goal made by Joyce Parker. As the game proceeded, it was evident that both teams were well matched. A drive down the field by Deede McCann resulted in a second goal for Gould scored by Lorenda Freeman. The final three points for Gould were made, after much driving back and forth between the two teams by Mary Willard, Bunny Blake, and Lorenda Freeman. At the end of this game, the score was Gould 6, and Kents Hill 1.

The varsity game was an intense struggle from the beginning with Judy Holden's scoring the first goal for Kents Hill. Gould came back as Donna Smith tied the score, Kents Hill was ready with Becky Clark.

FALL SPORTS ROUND-UP

This fall the girls' sports are as follows: hockey, archery, tennis, hiking and, just being introduced, golf.

Here is a short summary of the accomplishments in each of the various fields.

HOCKEY: Each class has chosen a team which will compete for the hockey peg. The school team, which has been selected and is practicing, will play Kents Hill on Parents' Day. We hope the results will be as good as the outlook.

TENNIS: With Mrs. Richardson, practically a pro herself, in charge of tennis lessons during the week, we are sure she will turn out some champs to compete against Kents Hill on October 11. There will be singles and doubles matches for competition.

ARCHERY: For the first few weeks the juniors and seniors had archery in their regular gym classes daily. The archery team for competition has been chosen and is practicing faithfully.

HIKING: Under the leadership of Miss Hall, a good turn-out of girls can be spotted two nights a week for their 45-minute hikes. They also made a long, tedious climb of Mt. Washington and Mt. Caribou. A 5-mile hike is on the agenda.

In addition to this, the Girls' A. A. is well underway, and the cheerleaders have been selected and are in action. We are looking forward to a wonderful and prosperous season ahead.

Although obstruction was called on the Gould team resulting in a free hit for the visitors at this tense moment, a long drive by Jane Greig saved the day with a goal scored by Evelyn Winslow. In the second half, Gould was lucky as Sue Saunders scored twice in a row putting our team ahead by two points. Sue Sample soon made a goal for the opposing team, narrowing the margin. With a half minute to go, Kents Hill fought valiantly to bring the ball within an easy goal, but the clock ran out and the jubilant Gould fans carried their happy coach off the field. The final score was Gould 4, and Kents Hill 3.

TENNIS

In spite of the weather, the Gould tennis champs trained by Mrs. Richardson won their match against the Kents Hill girls.

In this match there were ten sets played, four doubles and six singles. The Gould players won 6 sets. Kents Hill won 1 set. One set was called because of the time and 2 sets were scored wrong.

ARCHERY

The archery contest between Gould and Kents Hill was won very successfully by the Gould girls.

In the shooting match, under the direction of Miss Heal, each girl shot 24 arrows at three distances, 20, 30, and 40 yards.

The high scorers for Gould were Pat Probst with 398, Barb Sprague with 387, Gloria Burris with 328, and Sara Stowell with 374.

Kents Hill scorers were Jean Melaculent with 149, Judy Wealand with 136, Gail Richardson with 136, and S. Sierowie with 115 points.

The total points for Gould were 2930. The total points for Kents Hill were 907.

CROSS-COUNTRY MEET

To the tune of 18-44 the strong Gould cross-country team won in a dual meet at Kennett High School in North Conway on Tuesday, September 30.

Although Don Angevine was still out with a bum foot, the Huskies, led by Bernier and Newsom finished strongly. Kennett took third and seventh in the persons of Taylor and Hutchins, their next man being Westleigh in fourteenth place.

1 Bernier (G), 2 Newsom (G), 3 Taylor (K), 4 Felt (G), 5 Carter (G), 6 Lincoln (G), 7 Hutchins (K), 8 Elliot (G), 9 Allen (G), 10 Cole (G), 11 Yeaton (G), 12 Brown (G).

CROSS COUNTRY PROSPECTS

Well, the fall of 1958 is here, and with it, cross-country. This sport has long been a favorite among the Gould fans, and Gould should have a lot to shout about when they see the harrier prospects in action. We are fortunate in having several returning lettermen on the team: Ed Bernier, Tim Carter, Fred Lincoln, Don Angevine, Rupert Grover, and Jeff Newsom. Other last year's men who are returning are Stan Clark, John Vinton, Steve Yeaton, George Elliot, Keith Brown, and Linwood Small. A lot of new material has come to the team in the persons of the following: Bob Felt, Lindy Felt, Del Webster, John Cole, Fred Judkins, Pete Stowell, Paul Calef, Bob Allen, and Royden Ward. With this line-up, it looks like it will be a good year for the Husky Harriers.

For the benefit of the few, or many, whichever the case may be, it will be endeavored to explain the scoring in x-country. To begin with, the low score wins, a fact which in itself fakes most people out at the start. The first five men on each team count toward the scoring, the place in which they finish being their score.

HUSKIES DUMP UNDEFEATED SOUTH PARIS

On September 27 the Gould Huskies traveled to South Paris to play the Paris Cardinals. A light rain persisted throughout the hard-played game.

South Paris kicked off to the Huskies, but the ball was hardly moved from the line of scrimmage, due to conditions in handling the wet piskin. The first period saw an exchange of punts and no outstanding offensive or defensive play. After another exchange of punts in the 2nd period, South Paris again chose to punt. Gould quarterback Doug Rice received the ball on his own 30 yard line and scampered 70 yards to a T. D. behind the timely blocking of his teammates. The extra point try failed. The South Paris eleven, however, did not give up hope and were knocking on the goal line as the first half ended.

The third quarter proved to be similar to the first as the driving rain stymied play by both teams. In the fourth quarter, Gould, led by Peter Swallow and Captain Al Sumner, staged a 50 yard drive to the South Paris 2 yard line, where Sumner plunged thru the middle of the line for Gould's second T. D. Fred Dallinger rushed the extra point successfully. South Paris was never able to stage a real threat in the 4th quarter. The final score was 13-0.

GOULD NIPS LYNDON

Saturday, October 11, brought Parents' Day to Gould and also the traditional football game between Gould and Lyndon Institute of Lyndonville, Vermont. Gould, never losing to Lyndon on the home stand, defeated Lyndon 7-2, continuing the unbroken record.

The first half brought no score to either team although Gould fumbled twice in succession in the first quarter.

In the middle of the third quarter, Freddy Dallinger of the Huskies sped away off left tackle for a brilliant forty-four yard run which took the Huskies deep down in Lyndon's territory. Successive quarterback sneaks by Doug Rice led Gould down to Lyndon's one yard line. The Huskies scored when fullback Al Sumner plunged through the middle for the fatal T. D. Guy Burnham bucked through the middle for the extra point.

The fourth quarter brought a dangerous threat to the Huskies, as Al Sumner, getting off a low punt which bounded back into Gould's end zone, dropped on the ball, giving Lyndon a safety. Lyndon tried desperately to complete successive pass attempts to their towering left end, Doveaux, but to no avail, thanks to the dazzling pass interference by Dave Marsh and Doug Rice, Gould safeties.

The line-ups:

Gould	Lyndon
Cummings, le	le, Devereux
Watson, it	it, G. Simpson
Todd, lg	lg, Grant
York, c	c, Hazard
Hathaway, rg	rg, Dunthy
Wight, rt	rt, James
Karpowich, re	re, Blackwell
Rice, qb	qb, T. Simpson
Dallinger, lh	lh, R. Simpson
Swallow, rh	rh, Mayo
Sumner, fb	fb, Wagner
Subs: Wheeler, Marsh, Weston, Burnham, Ferris, White, Aluisi, P. Karpowich, Lyndon: Blannard, Root, Buzzi, Davis, Stevens, Gilman, W. Simpson, Miller, Beattie, Schoonover.	

PORTLAND 17—GOULD 41

On October 7, Portland High trounced the Gould cross-country team 17 to 41 on the Gould course. This was the first loss of the season for the Huskies.

The race was highlighted when three Portland boys crossed the finish line in a dead heat for first place. The time was a good 13:15 and only 17 seconds off the track record.

LISBON NIPS GOULD

On September 22, an overcast but hot day, Lisbon Falls High School was victorious over the Gould Huskies in their first football game with a close tally of 14-13.

In the first quarter Lisbon ran up their first touchdown by marching up the middle into the end zone for six points. The conversion was made good by a run around the end. The Huskies retaliated with a dazzling run by Pete Swallow as he twisted loose on the forty-five yard line and burst up the side for our first touchdown. Gould missed the extra point by a few yards, making the score 7-6.

In the second quarter Lisbon passed into the end zone for another T. D. followed by the successful run over the goal line for the extra point.

The second half brought more spirit to Gould when Captain Al Sumner gained up the middle. Late in the third quarter, quarterback Doug Rice shot around the right end and tore over the goal line for Gould's second T. D. for the day. The Huskies made the extra point with Al Sumner carrying it over.

Gould held Lisbon scoreless in the second half and almost scored again when down on their five yard line but failed by not making a first down. Both teams fought a well played and interesting game.

GOULD 17—FRYEBURG 45

The Gould Harriers made their debut of the 1958 season here at Gould on September 25, when they out-ran Fryeburg Academy by a score of 17 to 45. Gould's Jeff Newsom split the tape in 14:12, followed closely by his teammates, Ed Bernier and Bob Felt in the second and third positions, respectively. The only Fryeburg man to place in the top seven was Chris Simmonds, placing fourth. Holding down fifth, sixth, and seventh places were Tim Carter, Fred Lincoln, and Rupert Grover. Gould's ace runner, Don Angevine, was not running due to an injured foot, but he is expected to be back in action soon.

FOOTBALL PROSPECTS

On September 2 some fifty-five candidates reported for football practice at the Field House. Coaches Scott, Kalley, Roderick and Jacobs greeted the boys with much enthusiasm.

The team, including a dozen lettermen, has done well this year and all Gould students can feel proud of the team's play. The prospects for the remainder of the season are good and the boys should win more than they lose. The outlook for the future seasons is excellent.

The thirteen seniors representing Gould are as follows: Gary Aluisi, Whitney Austin, Pete Baker, Larry Cummings, Fred Dallinger, Newt Ferris, Steve Karpowich, Ozzy Mills, Kirk Newsom, Greg Shapiro, Captain Al Sumner, Bob Weston, and Eric Wight.

Juniors on the team are as follows: Dick Graves, Mike Hathaway, Pete Karpowich, Dave Marsh, Doug Rice, Dave Stowell, Pete Swallow, John Todd, Steve Watson, Pete Wheeler, and Ben White.

Sophomores on the team are as follows: J. Bartlett, J. Bennett, K. Bennett, W. Call, J. Hutchins, J. Kelley, G. Morse, R. Ramage, Don Rice, and R. Rice.

Fresh on the squad are as follows: R. Ayers, R. Beith, N. Brooks, H. Brown, B. Burnham, A. Corkum, N. Fowler, S. Groves, N. Hawkes, G. Hill, O. Melville, P. Mendall, R. Merriam, E. Merrill, D. Mills, R. Newell, A. Ring, R. Saunders, B. Scothorne, N. Smith, and J. Weston.

We realize that many of our feminine readers might not quite understand the game of football so we shall attempt to make clear a few elementary facts of this English-originated game.

A kickoff starts the game, and the ball being placed on the kicking team's 40-yard line where it is kicked into the opponent's territory. A team also kicks off after a touch down or field goal and at the beginning of the second half. Another form of kicking is punting and is usually performed on the offensive team's fourth and last down by them.

The two main forms of advancing the ball are running with it or throwing forward passes from behind the line of scrimmage.

Many position of players on the field need an explanation as to their importance although all are actually of equal importance. The quarterback is the fellow who takes the ball from the center and starts the offensive pattern. The fullbacks and the halfbacks are the runners of a team. The two ends serve as blockers and as receivers of forward passes, making them eligible to score. The two tackles and two guards serve mainly as tacklers and blockers and are usually the unsung heroes. The center is probably the key man because his snap of the ball starts everything off. Thus we have attempted to give to you a brief explanation of football; see you Saturday!
